

## PE100+ Association Newsletter, August 2008

### New Quality Material List of Materials

After the usual test of properties on anonymous pipe samples, the technical secretary of the PE100+ has released on 31<sup>st</sup> July 2008 the following list of quality material, valid through February 2009.

The following products met the PE 100+ requirements

| Product                          | Manufacturer                           |
|----------------------------------|--|
| Hostalen CRP 100 black           | Basell Polyolefine GmbH                |
| Hostalen CRP 100 blue            | Basell Polyolefine GmbH                |
| Borstar® HE3490-LS (black)       | Borealis AB                            |
| Borstar® HE3492-LS(orange)       | Borealis AB                            |
| Borstar® HE3494-LS (blue)        | Borealis AB                            |
| Borstar® HE3490-LS (black)       | Borouge Pte., Ltd.                     |
| ELTEX® TUB 121 (black)           | Ineos                                  |
| ELTEX® TUB 125 N2025 (orange)    | Ineos                                  |
| ELTEX® TUB 124 N2025 (blue)      | Ineos                                  |
| ELTEX® TUB 121 N3000 (black)     | Ineos                                  |
| HI-ZEX® 7700 MBK (black)         | Prime Polymer Co., Ltd.                |
| SABIC VESTOLEN® A 6060 R (black) | SABIC Polyolefine GmbH                 |
| SABIC VESTOLEN® A 6060 R (blue)  | SABIC Polyolefine GmbH                 |
| EL-LENE H1000PC (black)          | SCG Chemicals & Thai Polyethylene, Ltd |
| HDPE XS10H (blue)                | Total Petrochemicals                   |
| HDPE XS10B (black)               | Total Petrochemicals                   |
| HDPE XS10 Orange YCF             | Total Petrochemicals                   |
