

PE100+ Association Newsletter, September 2005

1. New Positive List of Materials

Positive List

2. Annual PE100+ Association Advisory Committee Meeting

Annual PE100+ Advisory Committee Meeting was held in Warsaw in 15-16 June, 2005. Several quality and market issues of water and gas pipe field were presented and discussed. Presentations were given e.g. on Nordic Quality mark, Eastern Europe markets, Marcogaz quality plan for PE products and on fusion technologies. In addition to the Advisory Committee members and PE100+ Association Board, a representative group of Polish guests were invited. The purpose of this was to initiate discussions with Polish Water and gas industry on Quality & Value issues. This was successfully achieved and discussions continue after summer between the Polish water industry, PE100+ Association and TEPPFA.
